

# Nateria

Gas engine oil for  
extended service life

Unleashing the potential  
of your gas engine

**TotalEnergies**

# Summary

---

- Optimum performance and productivity with Nateria
- Monitoring performance
- OEM specifications & approvals
- Five good reasons for choosing TotalEnergies Lubrificants

### Responsive performance, Long-lasting protection

We have carefully selected our base oils and additives to meet leading **engine manufacturers' requirements** and keep your engine reliable even under cyclic peak loading conditions.

Special emphasis is put on the low-deposit tendency of our formulations to ensure **superior engine cleanliness**.

Nateria gas engine oils and Supra coolants also provide enhanced wear and corrosion resistance **to better protect your engine**.

### Reduced costs, Increased productivity

Our latest engine oil and coolant technologies are designed to deliver **extended service life**, even with the most aggressive gas fuels (H<sub>2</sub>S, moisture, contaminants).

Combined with LubAnac oil and coolant monitoring services, we help you get a comprehensive diagnosis of your equipment and determine **the optimal drain interval**.

Benefit from our know-how to maximize the availability of your engine and drive down your operating costs.

### Global partner, Local support

TotalEnergies Lubrificants is present in more than 160 countries. With **dedicated supply chains in most countries**, you can count on TotalEnergies Lubrificants affiliates to deliver on time in most remote locations.

We provide **technical support** such as oil diagnosis guidance and management of waste oil. You can rely on our field engineers to advise you on the best lubricant choice for your engine.

From gas field production through to cogeneration plants, TotalEnergies Lubrificants is your **local partner** for gas engine lubrication and care.

.....

We provide **a complete lubrication solution** for your stationary gas engine.

A combined offer of premium gas engine oils and coolants to **maximize engine life** and efficiency

Dedicated services to monitoring the condition of your engine and to **optimizing your drain interval**

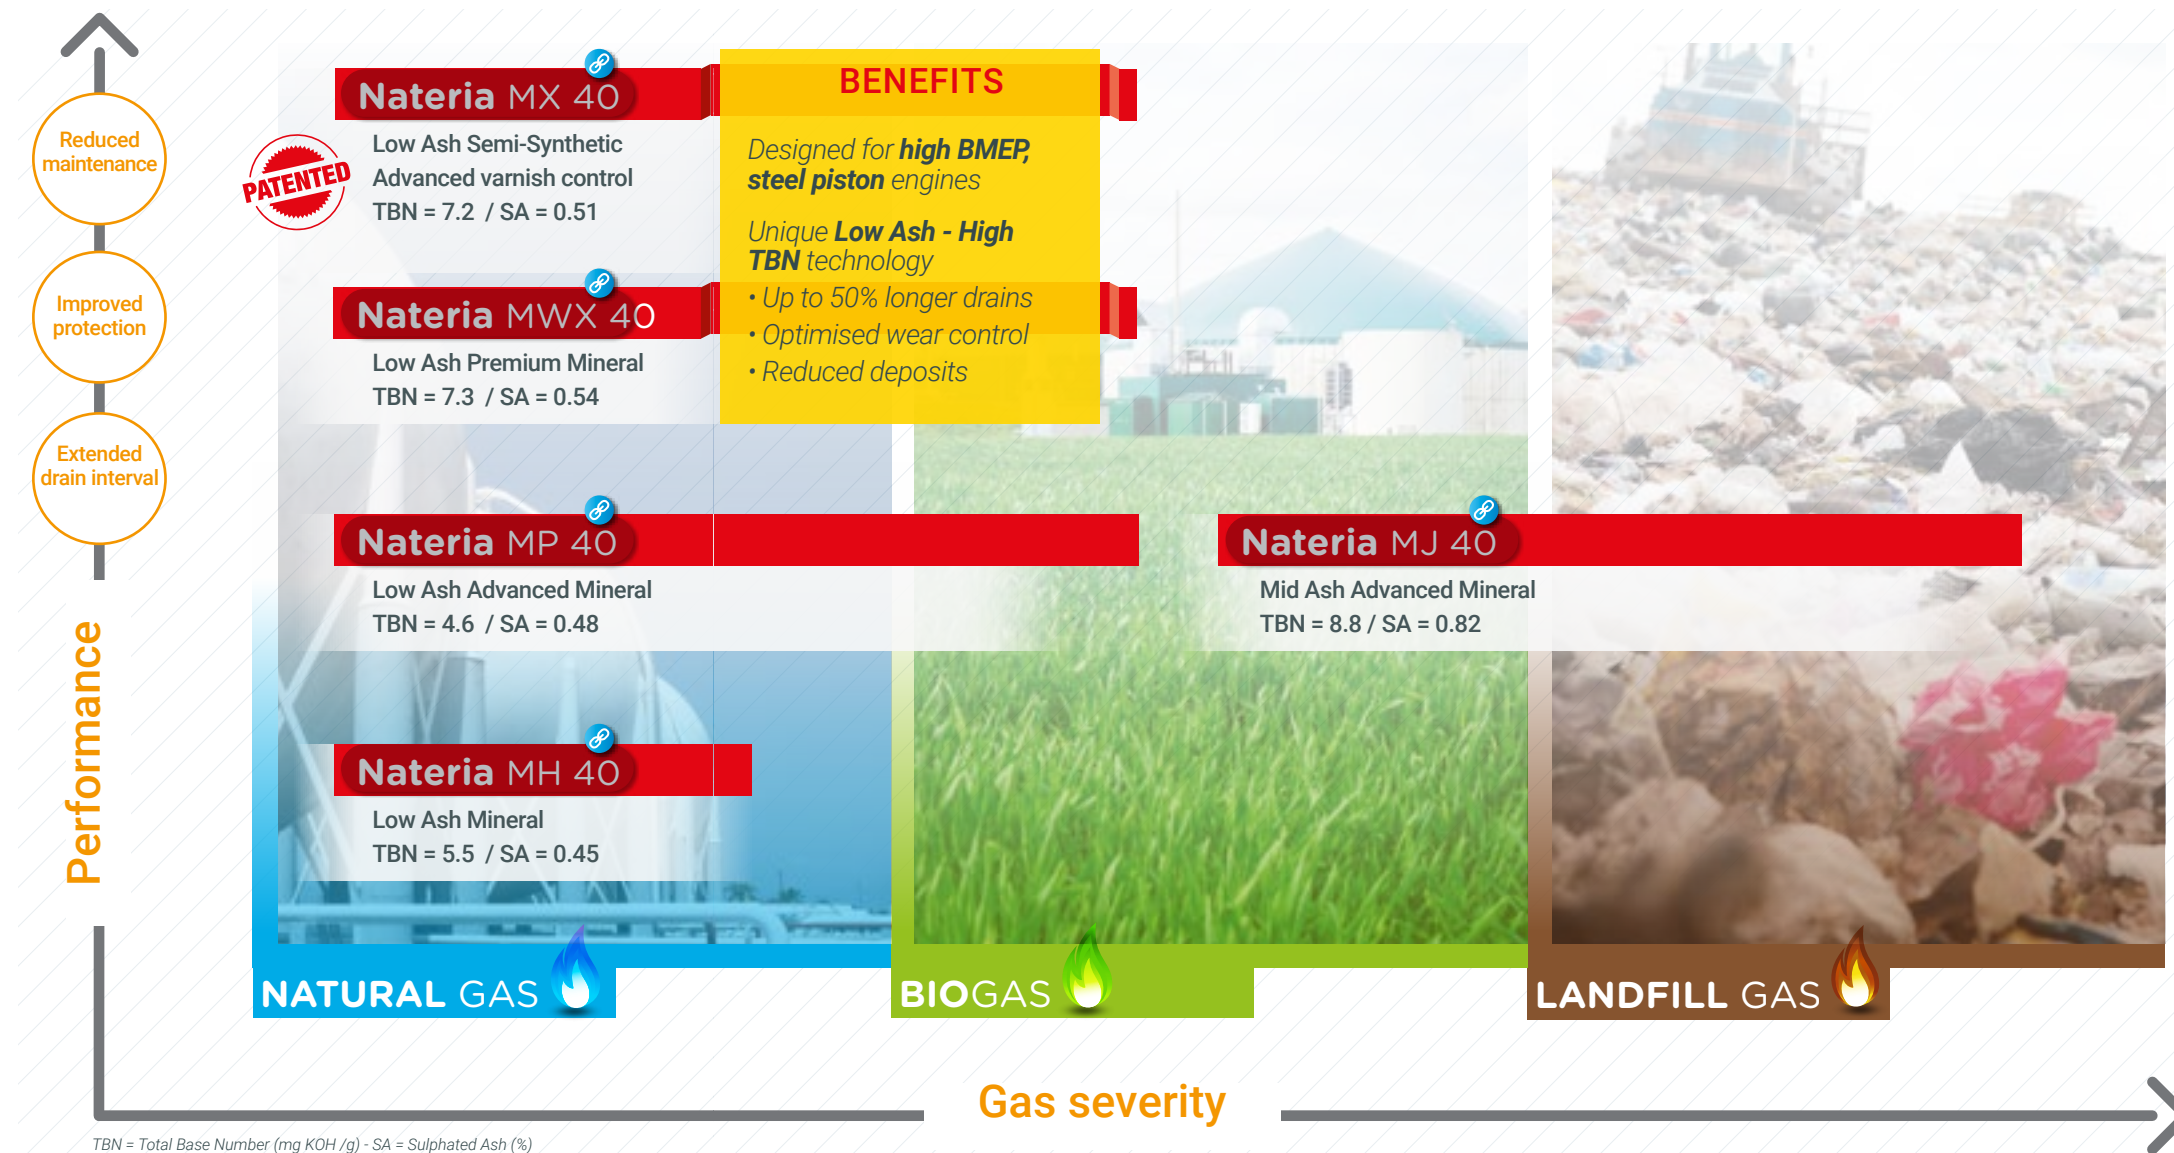

.....

Put your trust in TotalEnergies Lubrificants teams to keep your engine up and running and **boost your earnings!**

## Nateria

### Enhancing performance and productivity

### Special applications

#### Nateria MP 50

- Advanced gas engine oil suitable for natural gas or dual fuel engines operating in hot environments
- Approved by MAN Energy Solutions for 35/44 and 51/60 engine series when a SAE 50 is required
- Improved cooling efficiency and engine protection at high temperatures

#### Nateria V 40

- Ashless mineral gas engine oil for use in 2-cycle and 4-cycle gas engines as well as gas compressors

## Supra: bringing protection in all conditions

Supra long-life organic coolants stand among the most recognized coolant brands worldwide for their advanced performance and exceptional service life.

> **LubAnac**  
coolelf supra  
(ready-mixed coolant)

> **LubAnac**  
glacelf supra  
(antifreeze)

- Optimum heat transfer
- Low-deposit forming tendency

- Enhanced formulation against freezing and boiling
- Long-lasting corrosion inhibitors

- Superior protection of the cylinders at high temperatures
- Corrosion and cavitation prevention

## LubAnac making the difference

TotalEnergies Lubrificants' worldwide oil monitoring program, **LubAnac**, has been helping engine operators for years in **reducing their maintenance costs** while **increasing equipment reliability**.

**LubAnac**  
gas

Monitoring of gas engine oils condition and engine wear. Recommended for engines operating on natural gas, landfill gas, sewage gas or biogas.

**LubAnac**  
coolant

Monitoring of in-service coolants and cooling systems. Recommended for all engine types.

Over 20 years' experience in gas engine oil and coolant monitoring

Fresh sample analysed with respect to engine historical data

Diagnosis based on engine manufacturers' condemning limits

Comments on diagnosis and corrective actions provided by our field engineers

Reports available in 19 languages

Secured extranet to access your data (compatible with smartphones and tablets)

**A major player**

With our production, supply chain and commercial presence in more than 160 countries, we deliver a full range of lubricants.

**Support and partnership**

Thanks to local technical presence, we provide a high level of service to optimize your Total Cost of Ownership.

**References & OEMs**

TotalEnergies Lubrificants cooperates with equipment manufacturers to create high-technology products for optimal performance and production of your machinery.

**Innovation & Research**

TotalEnergies Lubrificants invests in biotechnologies to find the most suitable components to reach energy efficiency through formulations designed in our Research Centers.

**Quality and environment**

TotalEnergies Lubrificants ISO 9001 and 14001 certifications are the guarantee of a long term commitment to quality and environment. From the initial design stage, our R&D teams seek to develop products that minimize toxicity risks and environmental impact.
